

## SEARCH OF STUDENT LOCKERS, DESKS, PERSONAL POSSESSIONS AND STUDENT'S PERSON

POLICY:	502
ADOPTED:	07/20/98
REVISED:	04/26/21

### I. Purpose

The purpose of this policy is to provide for a safe and healthy educational environment by enforcing the school district's policies against contraband.

### II. General Statement of Policy

#### A. Lockers and Personal Possessions Within a Locker

Pursuant to Minnesota statutes, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

#### B. Desks

School desks are the property of the school district. At no time does the school district relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

#### C. Personal Possessions and Student's Person

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

#### D. A violation of this policy occurs when students use lockers and desks for unauthorized purposes or to store contraband. A violation also occurs when students carry contraband on their person or in their personal possessions.

#### E. Definitions relating to the search of student lockers, desks, personal possessions and student's person can be found in Appendix I of this policy.

### **III. Procedures**

- A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.
- B. School officials may inspect the personal possessions of a student and/or a student's person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student's person will be reasonable in its scope and intrusiveness.
- C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.
- D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.
- E. A school official conducting any other search shall make a reasonable effort to have a second official present as an observer.
- F. School officials will always strive to maintain sensitivity and respect in administering this policy. Searches will be completed in a manner that minimizes student embarrassment and disruption of the school day.
- G. A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate.

### **IV. Directives and Guidelines**

School administration may establish reasonable directives and guidelines which address specific needs of the school district, such as use of tape in lockers, standards of cleanliness and care, posting of pin-ups and posters which may constitute sexual harassment, or the posting of items within lockers or desks that may constitute violation of district policy.

### **V. Seizure of Contraband**

If a search yields contraband, school officials will seize the item and, where appropriate, turn it over to legal officials for ultimate disposition.

### **VI. Violations**

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to discipline in accordance with the school district's Student Discipline Policy and Student Behavior Expectations Manual, which may include suspension, exclusion, or expulsion, and the student may, when appropriate, be referred to legal authorities.

## APPENDIX I

### **DEFINITIONS**

- A. "Contraband" means any unauthorized item possession prohibited by school district policy and/or law. It includes but is not limited to weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," district-owned materials, and stolen property.
- B. "Personal possessions" includes but is not limited to purses, backpacks, book bags, packages, and clothing.
- C. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- D. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g. to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.
