Salem Hills is a Schoolwide Title 1 Building. Parents and Staff have developed and revise the school parent involvement plan yearly. The Salem Hills Elementary Title 1 parent Involvement Plan is sent to all families through Seesaw. We have moved to a digital format available here: [Salem Hills Title One Website](#). After the plan has been reviewed and additions and corrections are made, the parent involvement plan is posted on the Salem Hills Website. This plan informs parents of opportunities for involvement in their schools. This plan explains the requirements of the school parent involvement plan and the right of parents to be involved. The plans are reviewed each school year.

At conference times, parents see results of various district assessments, which measure student progress. Those reports show norms and proficiency levels. They also see other classroom academic measures. Parents may request a meeting with administration or building staff at any time if there are questions and concerns.

In the fall of the year, all families in our Schoolwide Title I building are asked to sign that they have been informed of and given a copy of a parent/school Title I Compact which outlines how parents, school staff, and students share the responsibility for improved student academic achievement. Salem Hills staff are available to explain the compact as it relates to the individual child's achievement.

The 2023 - 2024 Salem Hills Parent Involvement Plan was developed and reviewed on March 14th and Friday, April 5th with in person attendees: Jean Herbst, Kellie Keifenheim, Kelly Goodnature, Abbie Losinski, Erin Staples, Valeria Rencon, Carlos Hernandez, N.
