

Administrative Supplement

Directions: In order to gain additional insights into your education philosophy, views and opinions, you are asked to answer each of the questions listed below. Be specific, not more than 2000 characters.

1. Explain procedures you have used in the last three years to establish and maintain the involvement of parents, students, and/or staff in the decision-making process.
2. Identify innovative programs you have been instrumental in introducing into your school/district/classroom in the last three years. Describe how you implemented these programs.
3. Tell about one decision or one action you have taken in the last three years that involved a risk on your part. What did you learn from the experience?
